

This coloring book page is based on a mural by renowned street artist and Napa native, ELLE. The mural covers all four sides of a train car that is parked in the Rail Arts District near Lincoln Ave.

ELLE is considered one of the top female touring street artists in the world. Her work has been exhibited in the prestigious Saatchi Gallery in London, Urban Nation Museum in Berlin, and as a two-hundred-foot tall projection onto the facade of the New Museum in New York City.

Established in 2016, the Rail Arts District Napa (RAD) enriches the community through investment in and stewardship of a new public art district in the City of Napa. RAD starts at the Oxbow District and follows the Napa Valley Vine Trail north to where the Vine Trail crosses Trancus / Redwood Road. Dozens of works of art are located on this 2-mile linear pathway.
